†View WLTP figures

†The figures provided are as a result of official manufacturer's tests in accordance with EU legislation with a fully charged battery. For comparison purposes only. Real world figures may differ. CO2, fuel economy, energy consumption and range figures may vary according to factors such as driving styles, environmental conditions, load, wheel fitment, accessories fitted, actual route and battery condition. Range figures are based upon production vehicle over a standardised route.

*When fitted with Carbon Ceramic Braking System and Carbon Fibre wheels

△ Includes a 75kg driver, full fluids and 90% fuel.

▲ Includes full fluids and 90% fuel.

◇ Dry: Volume as measured with VDA-compliant solid blocks (200mm x 50mm x 100mm).

◆ Wet: Volume as measured by simulating the loadspace filled with liquid.

‡800Nm combined Engine/MHEV output when using Dynamic Launch Mode.

Important note on imagery & specification

The global shortage of semiconductors is currently affecting vehicle build specifications, option availability, and build timings. This is a very dynamic situation, and as a result imagery used within the website at present may not fully reflect current specifications for features, options, trim and colour schemes.

Please consult your Retailer who will be able to confirm any current restrictions with you in order to allow an informed choice.

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually, and we reserve the right to change without notice. Some features may vary between optional and standard for different model years.

**Estimated lead time for deliveries. The information is our best advice at the time of publishing and is subject to change. Please contact your Retailer for the latest information.
